

## Kiskanu Botanical Mist

The foundation of everyday purification and toning, Kiskanu's Botanical Mist features the freshest herbal hydrosols available. Our seasonal herbs are combined with Witch Hazel which acts as an astringent to soothe skin inflammations and irritations. Refresh throughout the day with botanical hydration for face, body and hair. Hydrosols contain pure plant essences suspended in water from the steam distillation of essential oils. They can be seen as micro-doses of essential oil and, when further diluted in water, may have homeopathic action. Our BOTANICAL MIST is formulated to be safe and gentle for all people.
